Welcome to BRILLIANCE

In 2021 Foundation Barossa, Tutti Arts Barossa and the Angaston Medical Centre joined together to celebrate the individual and collective achievements of Tutti Barossa visual artists.

Brilliance is an exhibition aimed at exciting audiences who visit the Angaston Medical Centre. All artworks are made by Tutti artists who work from their studio space at the Tanunda CWA Hall. For enquiries to join Tutti Arts please contact Tutti Arts administration on 08 8166 6430.

Tutti Arts is one of Australia's leading disability arts companies where artists with a learning disability create visual art, music, theatre, dance, film, new media and installations for a growing local and international audience. In 2017, Tutti was awarded a prestigious Arts SA Ruby Award for Sustained Contribution to the Arts by an Organisation or Group. Tutti has been operating visual arts and film & new media programs in the Barossa since 2017. Tutti Barossa Visual Arts provides a studio space where the artists can maintain a sense of community and purpose. Each week Tutti artists work on individual themes. The results as you will see are just brilliant.

About Foundation Barossa

Foundation Barossa aims to nurture and build our community's strength and assets, by responding to challenges and opportunities and supporting organisations and individuals to do likewise. All donor funds and investments in perpetuity, and interest from these funds is distributed annually to local community groups.

The AMC Waiting Room Art Gallery provides patients with an opportunity to view Tutti Arts Barossa artworks while they are waiting for their appointment and the ability to purchase and support these artists. A percentage of the sale of the art will support Foundation Barossa in encouraging philanthropy and providing a vehicle through which the community can help the community.

Joshua Ramsey

After Vermeer

Joshua loves the old masters from European art history. He has been studying portraiture for the past 2 years and is able to capture the essence of light, detail and mood similar to that of the Old Masters, even in small scale painting. This work, titled 'After Vermeer', is a nod to the original Dutch artist Johannes Vermeer (1665), and his most famous painting, 'Girl with a Pearl Earring'.

Joshua Ramsey

Joshua has worked in portraiture and this time added a modern complexity to the painting. Again this is a small painting and therefore each detail is done by using the finest brushes. Looking at this piece and the previous one side by side, it is evident that Joshua can move from the old to modern maintaining interest and detail with every brushstroke. Joshua is also studying Visual Arts at The College of Arts & Design, TAFE Light Square, Adelaide.

Rebecca Eglinton

Poor Old Valerie

Rebecca is a natural born artist. While at Tutti Arts Barossa she is also completing her Visual Arts Certificate IV at The College of Art & Design at TAFE in Adelaide. This piece is a mixture of photo images cut and pasted in sections of the canvas while the remainder is hand painted. Cut and sliced to create a collage where the old Chrysler sits under an old tree just waiting for her next run. 'Poor Old Valerie' has to wait a little longer for that day.

Brett Leslie

Feathery Creatures 1 & 2

Brett recently visited Kangaroo Island where he loved the National Wildlife Park. Here he was able to hold an eagle and an owl. He was mesmerised by their eyes and their kind nature. The above artworks depict the eagle on the left and the owl on the right. Brett's simplistic style provides the exact amount of information to show the kindness of these animals and how Brett felt when he was with them. Inquisitive, calm and an element of playfulness.
